EC Type-Examination Certificate

No. CE 561480

Product Details

Product name: Particulate Respirator.
Model: 3M 9922 (Standard Industrial Product).
Product type: Filtering half mask to protect against particles.
Technical Specification: Harmonized European Standard EN 149:2001+A1:2009.
EN 149 classification: FFP2.
Single shift use - symbol NR.
Dolomite clogging option - symbol D.

The product assessments were based on BS EN 149:2001+A1:2009, the English language version of EN 149:2001+A1:2009, respiratory protective devices – filtering half masks to protect against particles, both documents incorporating Corrigendum dated July 2002.

The valved respirator is designed to protect against solid and non-volatile liquid particles, is held onto the face by a pair of elasticated straps and is a single shift device.

Packaged variants

In addition to the product referenced on this Certificate, the standard industrial product may also be sold as market specific packaged variants. Such variants will be differentiated and the Technical File will be updated with the appropriate information.

Kits and packouts

The product referenced on this Certificate may also be combined with other 3M products into a kit or packout. There will be no change to the product but the user information may vary. In such instances the Technical file will be updated with the appropriate information.
